Trusted. Reliable. Efficient.

A Nilfisk-Advance Brand

# Clarke®

# ABOUT CLARKE PRODUCTS

Since 1916, Clarke® quality products have helped you achieve your daily cleaning goals quickly, efficiently, and safely. Clarke has been leading the way in the innovative cleaning equipment industry with such developments as the first walk-behind scrubber in 1956, the first extractor in 1968, and the latest BOOST® Technology in 2005. Today, Clarke products are manufactured by Nilfisk-Advance, but the philosophy is still the same: providing quality, durable and high-performing products from innovative engineering.

We offer a substantial line of green certified equipment under the Clarke brand. We believe that by “reducing impact on the environment and health and safety” should be a key goal of any company’s green cleaning strategy. Sustainable practices protect facilities, building occupants, and the environment. By going green, we create a healthier and happier environment with effective and efficient cleaning. Clarke products are focused on the future and on bringing green solutions and innovations for years to come.

## LOCAL SALES MANAGERS & LOCAL DISTRIBUTORS

Clarke’s sales force combined with local distributors is one of the best teams in the industry. We train our sales reps to anticipate your needs, know the competition’s machines, and most importantly, know the Clarke machines. Clarke channels machines into the market through local distribution and we want to make sure you get the right machine the first time.

## SERVICE CENTERS & SUPPORT

Located throughout the United States and Canada, there are over 400 service centers to assist you with upkeep and maintenance on your Clarke equipment. Your sales representative or customer service can help you locate the nearest center. Our Technical Service representatives can be reached at **1.800.356.7274**.

## CUSTOMER SERVICE PERSONNEL

When you have a question or want to place an order, we want to make sure that that you get the answers you need quickly. Even if we are not the right department, we will put you in contact with the person who can help. Our staff is fully trained to meet your needs. Customer Service representatives can be reached at **1.800.253.0367**.

## LEASING OPTIONS

CleanLease™ offers you an alternative option to paying up front for your Clarke products. With some of the most competitive leasing rates in the industry, you may want to consider this option if you need to spread out payments for a large order or want the opportunity to make some money with your new machines before you complete paying for them. CleanLease is only available to U.S. companies at this time. *For more information, see page 15.*

**CleanLease™**

## DEALER SALES TRAINING

Our dealers and service centers are experts in the cleaning industry. And to keep it that way, we offer constant training and re-training opportunities so that they can stay on top of the latest changes in the industry. There are quarterly Clarke Sales Institute (CSI) classes in Springdale, AR. The CSI class is a detailed 3.5 day course that focuses on hands-on product knowledge of the Clarke cleaning products.

## PRIDE PROGRAM GUARANTEE

Being a leader in the floor care industry for almost a century is hard work. It takes dedication, long hours, commitment, and, most of all, PRIDE. We take PRIDE in what we do and how we serve you. That's why we introduced the Pride Program, the standard by which all other customer service programs are measured. We offer a 60-day satisfaction guarantee with all our equipment. If you are not completely satisfied with your equipment, we will attempt to resolve the issue or take back the machine for a full refund.

## QUALITY CONTROL AND WARRANTY REGISTRATION

If you have a quality complaint or concern, we need to know about it so we can address it immediately. Please contact the Quality Control Department at [qc@clarkeus.com](mailto:qc@clarkeus.com). End users can also register their product online and be automatically entered into our quarterly drawing for a free upright vacuum.

## WEBSITE

The new and improved Clarke web site offers several features, including enhanced product page displays, downloadable product brochures and operator's manuals, videos, and surplus equipment for sale. Dealers can experience enhanced features with their login, such as price lookups, order tracking, demo reporting, online ordering, promotion bulletins, and more.

## BOOST®

Look for the BOOST logo on machines that feature BOOST Technology.

Using BOOST Technology, cleaning solution is introduced in front of the rectangular scrubbing pad in controlled timed pulses. The orbital pad contains the cleaning solution and carries it for the full length of the pad. Compared to traditional disc scrubbers that output water continuously and sling water away from the pad, BOOST's efficient use of the cleaning solution results in water and chemical savings of 50% to 70%.

Using less solution during cleaning keeps the operator working productively rather than in the janitor's closet emptying and refilling the scrubber tanks.

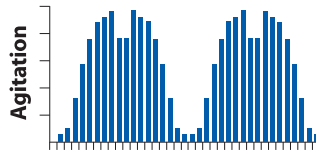

Cleaner floors allow for more effective burnishing. Dirt left behind by traditional disc scrubbers is often burnished into the finish, resulting in a yellowing of the finish. With more effective cleaning AND burnishing, the time between labor-intensive strip-and-recoats can be extended, which means less money spent on floor stripper, finish, and labor. And, BOOST pads clean right into corners and along walls, reducing labor time in additional cleaning.

### WHAT MAKES BOOST® TECHNOLOGY GREEN?

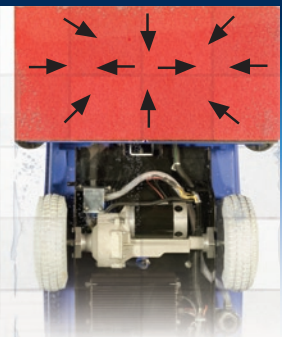

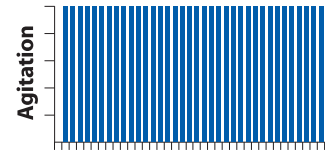

- Uses 50-70% less water & chemicals than conventional scrubbers
- Strips floors chemical-free, using only water
- Reduces floor pad consumption/costs by 40%
- Lower pad pressure increases battery run times by 25%
- Multi-purpose machine - cleans, strips, and wet screens gym floors
- Cleans multiple surfaces and into corners, reducing the need for additional equipment or additional cleaning processes
- AGM batteries on all autoscrubbers (optional)

### OPTIONS AVAILABLE ON AUTOSCRUBBERS WITH BOOST

- Clarke Battery Maintenance System (CBMS)
- Full line of BOOST Pads
- Replacement Squeegee Blade Kits
- Chemical Mixing System Kit
- Off-aisle Wand Kit (Focus II Mid Size 32, Focus Rider)
- Hour Meter Kit

**One Way Directional Scrubbing of Conventional Disc Machines**

**Multi-Directional Scrubbing by BOOST Orbital Pad Scrubber**

## Vantage 13

The Vantage 13 delivers an even, consistent pressure over the floor for a deep, uniform clean with safety in mind. Armed with two sets of squeegees, the Vantage 13 recovers cleaning solution in forward and reverse.

### KEY FEATURES:

- Compact and easy to transport
- Two removable tanks for easy filling, dumping and cleanout
- Fold up design for easy storage and transport
- Dual squeegees for pickup in forward and reverse

### SPECIFICATIONS:

- Dual, 6.5 in (16.5 cm) disc brushes at 200 RPM
- 1.8 gallon (6.8 L) solution tank; 2.1 gallon (8 L) recovery tank
- Sound Levels: 72.5 dB A
- Scrub width: 13 in (33 cm)

## Vantage 17

The Vantage 17 is perhaps the most highly maneuverable and compact 17 inch autoscrubber on the market today with the features that provide the highest scrubbing performance.

### KEY FEATURES:

- Compact and easy to maneuver
- Offset brush and squeegee for close edge cleaning
- Maintenance free gel batteries
- Onboard battery charger

### SPECIFICATIONS:

- Battery or Electric Model
- 8 gallon (30 L) solution tank; 7.7 gallon (29 L) recovery tank
- Sound Levels: 67 dB A (Battery); 76 dB A (Electric)
- Scrub width: 17 in (43 cm)

## Focus® II Compacts

**BOOST®**

No other manufacturer comes close to matching Clarke's combination of serious cleaning ability and green benefits in autoscrubbers. All of the Focus II compacts feature important benefits such as low noise levels, improved user ergonomics, onboard chargers, breakaway squeegees, and more.

### KEY FEATURES:

- Available with BOOST Technology, Disc, or Cylindrical scrub decks
- Superior solution pickup
- Easy operation and low sound levels
- Efficient use of solution

### SPECIFICATIONS:

- 12 V battery choices, wet or AGM
- 14.5 gallon solution and recovery tank (55 L)
- Sound Levels: 65.8 dB A
- Scrub width: disc, 21 in (54 cm); cylindrical, 22 in (57 cm); BOOST, 20 in (52 cm)

## Focus® II Mid Size *BOOST*

Available in disc, cylindrical and BOOST, the Focus II Mid-size models have many advanced features such as larger tanks, wet or AGM battery choices, optional chemical mixing systems, onboard chargers, one-touch scrubbing, and easy-to-adjust squeegees.

### KEY FEATURES:

- Large tank capacity, longer run times
- Superior solution conservation and pickup
- Onboard battery charger
- Optional, onboard chemical mixing system

### SPECIFICATIONS:

- Scrub width: 26 in, 28 in, and 34 in disc; 28 in cylindrical; 28 in and 32 in BOOST. (66, 71, and 86 cm disc, 71 cm cylindrical, 71 and 81 cm BOOST)
- 23 gallon solution and recovery tank (87 L)

## Focus® Large

The Focus Large Walk-Behind autoscrubber offers a large tank capacity and scrub path along with long run-time options to minimize those big jobs. Standard model features provide high-speed light or deep scrubbing with up to 220 pounds of head pressure. The deluxe model features include one touch operator controlled scrubbing, automatic squeegee lift in reverse, and automatic head pressure regulation.

### KEY FEATURES:

- Adjustable brush pressure
- Onboard battery charger
- Trim design for excellent line of sight
- Ergonomic controls

### SPECIFICATIONS:

- 36 V battery choices, wet or AGM
- 30 gallon solution and recovery tank (114 L)
- Sound Levels: 67 dB A
- Scrub width: 28 in (71 cm), 33 in (84 cm), and 38 in (97 cm)

## CR28 BOOST® Compact Rider *BOOST*

Clarke's newest compact rider, the CR28 BOOST Rider, is a small and nimble machine that cleans areas inaccessible with larger machines resulting in a cleaner facility.

### KEY FEATURES:

- Compact with a tight turning radius
- Onboard battery charger
- Equipped with Safe-T-Steering
- Dual function scrubber - cleans and strips floors

### SPECIFICATIONS:

- 24 V battery choices, wet or AGM
- 19.8 gallon solution and recovery tanks (75 L)
- Sound Levels: 61 dB A
- Scrub width: 28 in (71 cm)

## Focus® Riders

**BOOST**

Designed with a focus on operator comfort, ease of use and efficiency, the Focus Rider also addresses the needs of the buyer by providing the highest productivity, employee satisfaction, and labor savings. Available with your choice of scrub decks - disc, cylindrical, or BOOST.

### KEY FEATURES:

- One touch scrubbing controls
- Complete water pickup on turns
- Best traction in double scrubbing and ramp cleaning
- Traverse controlled steering eliminates tipping

### SPECIFICATIONS:

- 36 V battery choices, wet or AGM
- 30 gallon solution and recovery tanks (113 L)
- Sound Levels: 70 dB A
- Scrub width: 28 in (71 cm), 32 in (81 cm), and 34 in (86 cm)

## Sweepers

### BSW 28

Whether you are sweeping carpet or hard floor, the new BSW 28 Sweeper from Clarke has the performance for both. This great sweeper is designed to be both rugged and versatile.

### KEY FEATURES:

- Side broom for active sweeping into large hopper
- Sweeps up small debris, dirt and dust
- Indoor (carpet & hard floors) or outdoor use
- Quick and easy change out of filter and brooms - no tools

### SPECIFICATIONS:

- 28 in (71 cm) sweeping path (with side broom)
- Gel battery power source with onboard charger
- 2.5 to 3 hour battery run time on carpet
- Electrical motor runs side broom - no belts

## Batteries & Accessories

The Clarke  
Battery

Maintenance System (CBMS) is not a charger, but rather a performance device designed to help lead-acid batteries charge faster, provide maximum performance and power, and maintain run-time over a longer life.

**Clarke will double the standard Clarke® Battery Warranty to Three Years when the Battery Maintenance System is installed!**

## BOS-18 BOOST® *BOOST®*

Designed to scrub and strip floors using orbital technology in small areas, the BOS-18 is a versatile, orbital floor machine that is very aggressive and easy to use. Recommended for use with any wet tank vacuum.

### KEY FEATURES:

- Use for scrubbing, chemical-free stripping and wood floor refinishing
- 4 gallon solution tank feeds cleaning solution to the pad
- Ground Fault Circuit Interrupter (GFCI) keeps operator safe
- Non-marking transport wheels

### SPECIFICATIONS:

- 12 x 18 in cleaning pad size
- 4 gallon solution tank (15L)
- 50 ft, 14-3 safety yellow power cord (15 m)
- .25 in orbit diameter at 3600 orbits/minute

## CFP™ Series Floor Machines

Whether scrubbing, screening, grinding, or bonnet cleaning, the CFP line of floor machines will fit your every application need. With all chrome-plated steel brush housing, motor cover and handle tube, the CFP's are built to last. The CFP's offer many quality features at a value price.

### KEY FEATURES:

- Carbon brushes indicator light illuminates for replacement
- Transport wheels have a wide stance for easy transporting
- Full wrap around bumper protects flooring
- Safety interlock prevents accidental startups

### SPECIFICATIONS:

- Available in 13 in, 17 in, and 20 in sizes (33, 43, and 50 cm)
- 5 in (13 cm) non-marking transport wheels
- Powerful motors in either 1 hp or 1.5 hp with dual capacitors
- 50 ft safety yellow power cord with hospital grade plug (15 m)

## FM® Series Floor Maintainer

Quality and durability have allowed the FM Polisher to be called the "Best in the Industry." The motor and gearbox are hand-built and backed by an exclusive 7 year warranty.

### KEY FEATURES:

- Accessorize with the 4 gallon solution tank
- Exclusive dihedral handle design reduces operator fatigue
- Non-marking vinyl bumper protects walls and furniture
- Smooth operation

### SPECIFICATIONS:

- Available in 15 in, 17 in, and 20 in sizes (38, 43, and 58 cm)
- Rugged 1 hp motor
- 50 ft power cord (15 m)
- Dual planetary gear system

## MP-18 Marble Polisher

The Clarke MP-1800 Marble Polisher was specifically designed for the rigorous demands of natural stone polishing and restoration. The MP-1800 is the perfect solution for restoring and maintaining marble, limestone and travertine floors.

### KEY FEATURES:

- Eliminates the need for sealer & finishes
- Produces slip resistant finish
- Easy 3-step process: grind, hone and polish
- Ergonomic handle for ease of use and comfort

### SPECIFICATIONS:

- 18 in (46 cm) pad size
- Triple planetary gearbox
- 1.5 hp powerful motor
- 50 ft safety yellow super flex power cord (15 m)

## Ultra Speed® Series

The Ultra Speed burnisher series is ideal for hospitals, schools and areas requiring dust-free, quiet and fume-free operation, while producing a brilliant high-gloss shine.

### KEY FEATURES:

- Indestructible Polydur® mainframe
- Self adjusting pad pressure
- Lightweight and easy to maneuver
- Very quiet for noise sensitive areas - only 66 dB A

### SPECIFICATIONS:

- 20 in burnishing pad size
- 1500 RPM on the US 1500 & 1500 DC model; 2000 RPM on the 2000 DC model
- 3 handle positions - floating handle latches over for compact storage

## Fusion® 20 & 20T

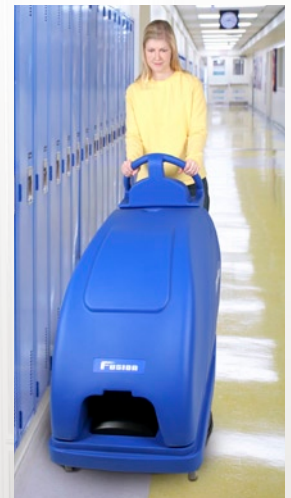

Fusion battery burnishers feature self-adjusting pad pressure and superior dust control, while being easy to operate and maintain.

### KEY FEATURES:

- Self adjusting pad pressure
- Standard onboard battery charger
- Simple operation and low training required
- Quiet operation - only 68 dB A

### SPECIFICATIONS:

- 20 in burnishing pad size (51 cm)
- 20T model has power traverse traction
- Superior dust control; disposable dust recovery bags
- Polishing rate: 24,000 sq/ft per hour (2,229 m<sup>2</sup>/hour)

21 in model shown

## PBU - Propane Burnisher

When you need your burnisher to quickly burnish to a high gloss, turn to Clarke. Our PBU line has the right size and features you need!

### KEY FEATURES:

- Clean and efficient catalytic muffler
- Superb dust and emissions control
- Flexible pad driver follows contours of uneven floors
- Adjustable, ergonomic handle for ease of use

### SPECIFICATIONS:

- Variety of sizes and configurations
- 21 in and 27 in burnishing pad size (53 and 69 cm)
- Available in dust control and non-dust control models
- 20 lb capacity propane tank, with 80% safety fill

## Propane Powered Stripper

Featuring the dependable 13 hp Kawasaki® engine, the propane stripper is built to tackle even the toughest floor stripping applications.

### KEY FEATURES:

- Designed for fast high production stripping
- Super clean catalytic converter
- Large non-slip tires for added safety
- Adjustable, ergonomic handle for ease of use
- E.P.A. approved and C.A.R.B. approved

### SPECIFICATIONS:

- Battery start
- 21 in stripping pad size (53 cm)
- 13 hp engine maintains speed under heaviest loads
- 20 lb capacity propane tank, with 80% safety fill

## Hip Vacuums

### Hip Vac™

Confined and cluttered areas are easy to clean with the Hip Vac. The powerful motor and lightweight design increase productivity by up to 74 percent compared to traditional vacuums. The revolutionary ergonomic design of the Hip Vac enables cleaning staff to carry out their tasks with greater comfort. Its light weight enhances operator mobility and makes it easy to clean confined areas, making it the ideal solution for daily office cleaning.

#### KEY FEATURES:

- Provides a light weight backpack option
- Above the floor cleaning
- Clean tight spaces around obstacles
- One size fits all padded velcro waist strap
- Five tools for every surface
- Ultra light weight increases comfort

#### SPECIFICATIONS:

- Ultra light weight 6.4 pounds
- 50 ft safety yellow cord
- 4 ft hose, 2-piece wand, tool kit
- Choice of 3 models
- 3-level filter system with H.E.P.A. option
- CRI - green label approved

## Canister Vacuums

### Comfort Pak

One of the newest members of Clarke's soft floor line is the Comfort Pak backpack vacuum. It features an ergonomic frame that was designed by backpackers for support and stability, lightweight, easy to maneuver, with an easy, mess-free bag change.

#### KEY FEATURES:

- Very comfortable - sits high on the back
- Lightweight with lots of capacity
- Unique harness design dramatically reduces operator strain
- Exhaust is directed up and away - keeping operator cool
- Ultra quiet 62 dB A

#### SPECIFICATIONS:

- Available in a 6 or 10 quart model (5.7 or 9.5 L)
- Standard 5 piece tool kit
- 50 ft safety yellow power cord (15 m)
- 4-stage filtration; H.E.P.A. is optional

### UZ 934 & UZ 934-H

The UZ 934 and UZ 934-H dry pick-up canister vacuum cleaners give you power and durability in an economical, lightweight machine. Perfect for the contract cleaner, the UZ 934 provides reliability you can count on. Three separate filtration systems – pleated filter, filter bag and exhaust filter – help assure cleaner Indoor Air Quality. A H.E.P.A. filter is standard on the UZ 934-H model.

#### KEY FEATURES:

- Easily cleans multi-surfaces
- Above the floor cleaning
- Tight spaces around obstacles
- Can stand vertically on end for stationary use
- Multi-surface tool quickly changed from hard to soft floor
- Large capacity filter systems and tank

#### SPECIFICATIONS:

- 1,000 W Motor
- 30 ft safety yellow cord
- 6 ft hose, 2-piece wand, tool kit
- Built-in carrying handle
- 3-level filter system with H.E.P.A. option
- CRI - Green Label Approved

## ReliaVac® Single Motor

The ReliaVac single motor upright vacuums are easy to maneuver, strong on power, and designed for fast, low cost serviceability. The ReliaVac gives you the power and pickup needed for all applications. All models feature large rear wheels for easy maneuverability and a clear fan cover for ease of visibility of any blockage. The brush height can adjust to six settings to work effectively on a variety of carpets.

### KEY FEATURES:

- 4 models to choose from
- 7 amp motor
- CRI green label approved
- 50 ft safety yellow cord
- Low cost maintenance
- Exclusive green fan with lifetime guarantee against breakage

### SPECIFICATIONS:

- 12 or 16 in cleaning path
- Durable steel brush roller (12 and 12DC models) or high performance aluminum brush roller (12HP and 16HP models)
- Replaceable bristle strips and beater bars for versatile cleaning
- Removable clear fan cover allows for identifying and removing clogs
- Headlight illuminates work area (HP models only)
- ReliaVac® 12 DC model has an easy to empty dirt cup

## CarpetMaster® 200 Series Dual Motor

The new CarpetMaster vacuums features a powerful motor, onboard crevice and upholstery tools, quiet operation, H.E.P.A. filtration, bag indicator light, and a light handle weight! The motor is also conveniently located at the base of the machine, which results in a lighter handle weight.

### KEY FEATURES:

- Standard H.E.P.A. filtration
- Easy accessible tools and quick-draw wand
- Convenient handle grip on front of vacuum
- Easy maintenance features

### SPECIFICATIONS:

- Available in 12 in, 15 in, and 18 in cleaning path widths (30, 38, and 46 cm)
- Powerful 9-amp, 2 stage motor
- 50 ft safety yellow power cord (15 m)
- Low Sound Level: 69 dB A

## CarpetMaster® 30

The CarpetMaster 30's unique combination of productivity, clean-air filtration and off-floor cleaning capabilities makes it THE choice for your large area carpet cleaning needs. The 30 inch cleaning path and complete onboard tool kit make quick work of even the most daunting vacuuming tasks.

### KEY FEATURES:

- 20 ft long reach off-aisle vacuum hose
- Maneuvers well with large 10 in rear wheels and front swivel casters
- 5 position carpet pile height adjustment
- Quickly vacuums large areas (10,000 sq. feet/hr)

### SPECIFICATIONS:

- Dual motor, 1 hp motor
- Powerful 7 or 9-amp continuous duty motor
- 75 ft safety yellow power cord (23 m)
- Enclosed 1 bushel capacity hopper holds large amounts of debris

## BextSpot Carpet Spot Cleaning System

The BextSpot is your complete compact spotting kit. It offers a large 2.5 gallon recovery tank and 55 PSI solution spray through a 3.5 inch hand tool to make quick work of carpet and upholstery spot cleaning tasks. When ordered as the deluxe package, the kit includes an 8 inch floor wand to reduce fatigue, a complete spot cleaning chemical kit and a convenient transport handle to ease mobility.

### KEY FEATURES:

- Rugged transport cart
- Eliminates back breaking spotting tasks
- Compact folding handle design makes for easy storage and transport
- Easy pouring recovery tank makes cleanup simple

### SPECIFICATIONS:

- Available in standard or deluxe model
- Deluxe includes handle, chemicals, wand and hoses
- 2.5 gallon recovery tank provides long cleaning time (9.5 L)
- Powerful 55 PSI pump aids in deep cleaning spots

Deluxe model shown

## BEXT® 100 Portable Hot/Cold Water

BEXT 100 extractors are designed to be easy to use, productive, quiet, and portable all at a cost-effective price! This line of equipment comes bundled with benefits and features available in our larger BEXT 150 and 300 series but with a focus on light, compact and maneuverable equipment, all at a value price!

### KEY FEATURES:

- Instant heat, up to 212° at spray tip (100H model)
- Compact and lightweight, easy to transport
- Maintains a high pressure cleaning spray for effective soil emulsification and extraction
- Design provides reduced body strain and stress

### SPECIFICATIONS:

- Industrial 3-stage vacuum motor
- In-line heat exchanger (100H model)
- 100 psi pump, no priming necessary
- 9 gallon solution and recovery tanks (34 L)

## BEXT® 150 & 300 Portable Hot Water

The BEXT extractors complement Clarke's extraction line by providing portable, heated, box extraction equipment. BEXT extractors are designed to be easy to use, productive, quiet, and portable.

### KEY FEATURES:

- Instant heat, up to 212° at spray tip
- Increasing solution temperature to 212° at the spray tip dramatically improves cleaning results
- Easy to transport - a good alternative to truck mounts
- Easily accessible chemical tray

### SPECIFICATIONS:

- Industrial 2-stage vacuum motor
- In-line heat exchanger
- High 300/75 PSI, or fixed 150 PSI
- Large 13 gallon capacity tanks (49 L)

**Make it a dual purpose machine!**  
Use your hot water extractor on tile and grouted floors by ordering the CHAT tool for tile and grout.

## Clean Track® 12

The small footprint and straight-forward controls make the Clean Track 12 easy to operate, maneuver, and transport. The 12 inch cleaning path allows extraction in tight spaces such as elevators. The laminar-flow shoe and controlled water usage assist with faster dry times so normal traffic can resume without extended interruption.

### KEY FEATURES:

- Compact, yet professional grade
- Ergonomically designed control handle
- Laminar flow vacuum shoe recovers moisture effectively
- Easy to fill and clean

### SPECIFICATIONS:

- 5 gallon solution & 4 gallon recovery tank (15 & 19 L)
- 1.2 hp, 2-stage vac motor
- 25 ft safety yellow power cord (7.6 m)
- Total weight: 68 lb (31 kg)

## Clean Track® 16 & 18

The Clean Track 16 & 18 series dramatically doubles productivity, improves cleaning performance, and features excellent ergonomic safety in carpet extraction. The series features a large capacity, patented ergonomic design, low sound levels, and a hard floor tool option, allowing you to scrub hard surface floors.

### KEY FEATURES:

- On-pass cleaning with Wash&Rinse® feature
- Cleans carpets faster
- ErgoEX® belt reduces stress on elbow, shoulder and back - dramatically increasing productivity
- Easy and convenient operator controls

### SPECIFICATIONS:

- 3-stage, 1.5 hp tangential bypass vacuum motor
- Available in 16 in, 18 in, and 18 in Wash&Rinse® models
- Very quiet 67 dB A sound level
- Larger tanks - up to 13 gallons of solution (49 L)

## DirectAir™ Electric Drying System

The DirectAir Ventilation/Drying System is ideal for drying carpets, hard floors, upholstery or wherever fast dry times are required. DirectAir also works well in areas requiring added ventilation or for blowing up advertising balloons or inflatable playgrounds. The blower has three positions (0°, 45°, 90°), allowing you to control the direction of airflow where it's needed most.

### KEY FEATURES:

- Unlimited applications
- Powerful 3-speed motor produces desired air flow
- Easily transported to remote work sites
- Stacks easily for easy storage

### SPECIFICATIONS:

- Air flow: 3000/2000/1300 CFM
- 35 ft power cable (10.6 m)
- Thermally protected motor
- Total weight: 30 lb (13.6 kg)

## Tank Vacuums

### Summit® Wet/Dry

Convenience, durability, performance, power, and easy operation and storage make the Summit Wet/Dry Vacuum a clear choice.

Choose from 3 tank sizes - 9, 13, and 20 gallons. Summit 9 is available with a certified H.E.P.A. filter for wet and dry operation! Summit 13 & 20 SQ come equipped with a 30 inch front mount squeegee. When it's high performance and extra power that's needed, the Summit 20 D (Dual Motor) offers power to spare.

#### KEY FEATURES:

- Full accessory tool kit and on board storage
- Adjustable handle for easy storage and use
- H.E.P.A. filter on Summit 9 for wet or dry applications
- Easy tip and pour action on Summit 13 & 20

#### SPECIFICATIONS:

- Available in 3 sizes - 9, 13, and 20 gallons (34, 49, and 76 L)
- 50 ft power safety yellow cord (15 m)
- Air flow: 84 CFM (200 CFM on 20D model)
- Powerful 2-stage vacuum motor

### STV Line

Clarke's stainless steel wet/dry vacuums come complete with tool kits usually found only with more expensive models. The large casters and stable base help the operator maneuver the vacuum without tipping. You can rely on the STV line for durability and dependability.

#### KEY FEATURES:

- Built-in cable wrap for easy storage
- Built-in handle for easy transport
- Clamps lock downward to prevent spills if vacuums accidentally overturns
- Equipped with standard tool kits

#### SPECIFICATIONS:

- Available in 3 sizes - 10, 15, and 20 gallons (38, 57, and 76 L)
- 20D model features (2) 1 hp motors
- Water lift: 87 in (71 in on 20D model)
- 28 ft power cord (5.48 m)

### TFC 400

The TFC 400 is a powerful and versatile all-purpose cleaner. Charged with 400 psi of power-spraying punch, the TFC 400 cleaner gives you the ability to blast away grit and grime without actually having contact with the dirt. With the 20 gallon solution tank and 13 gallon recovery tank, the TFC 400 cleaner gives you the ability to tackle the really big cleaning jobs quickly and thoroughly.

#### KEY FEATURES:

- Touch-free, all-purpose cleaner
- Small footprint for easy storage
- Compact, maneuverable
- Optional front mount squeegee
- Simple storage for recovery and solution hose
- Removable pallet contains all electrical components

#### SPECIFICATIONS:

- Solution tank capacity 20 gal
- Recovery tank capacity 13 gal
- Application flow 400 psi (1 gpm)
- 2 Stage 900 W vacuum motor
- Vacuum exhaust blower motor
- Water lift: 81 in
- 25 ft (GFI) power cord

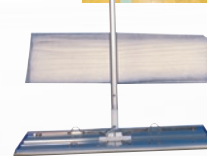

## All-Purpose Cleaner

## Specialty Product

### Dust Magnet™

The Dust Magnet dry dust mopping system is the simple and modern way to clean a floor. The standard Dust Magnet floor tool and shaft has single or multiple sheets that easily attach to the single frame. The telescopic handle extends to 79 inches (201 cm) making it ideal for all hard to reach and overhead areas. The entire set up weighs less than 2 lb (0.91 kg)!

Dust Magnet sheets holds more dirt and cleans more surface area than any other disposable, dry dust mopping system.

## Leasing Information

### CleanLease™

The CleanLease™ Program is only available in the US.

Introducing the new CleanLease Finance Program for Commercial Floor Care Equipment. The only thing more difficult than building a successful business is maintaining it. That's why we've developed our leasing and financing plans to both minimize your risks, and help enhance your long-term growth. You can count on us every step of the way to help make state-of-the-art commercial equipment affordable for you.

Clarke, a Nilfisk-Advance brand, now offers equipment leasing programs that are unmatched in the industry for helping you to acquire top of the line equipment. And, we make it easy for you with a simple application process, fast turnaround time, plus a dedicated finance team to advise you. First, qualify your equipment needs using the information below.

For a look at our unique leasing option and application form, please visit the links below or contact the finance team directly for more information at Phone **877.859.2976** or Fax **877.514.1015**.

Call 877.859.2976 to speak with a CleanLease finance specialist about your options or to request an application.

As more and more facility managers realize the benefits of environmentally-friendly and health-conscious cleaning, "green cleaning" is becoming a growing movement in the cleaning industry.

As a leading manufacturer of "green" floor-cleaning equipment, Clarke is committed to offering products that meet or exceed industry and government standards for green cleaning. Clarke's knowledge of equipment and the industry can help you interpret green cleaning standards and assist with:

- Increasing productivity and reducing the cost of labor
- Reducing impact on the environment
- Improving indoor air quality
- Helping people live and work safely
