

Nilfisk, Inc. Service Solutions

It is all about your business

Professional Service

Makes a difference

Making the most of your cleaning has two important requirements. The ability to deploy high quality cleaning machines is a critical first step. But having easy and quick access to professional service is another key factor in running your operations smoothly, predictably, and with maximum uptime. That is why we are highly committed to delivering our Service Solutions to you.

Nilfisk, Inc. Service Solutions are not only your fast and reliable back-up in the event of a breakdown. They are your guarantee of top professional maintenance visits from our trained technicians that are present all over the world. You can rest assured that your machines will run at their best throughout their lifetime – and keep your business performing at its utmost. We understand that productivity is what matters to you.

Service Solutions Standard – Professional maintenance

Your contract encompasses two yearly maintenance visits and 48 hours response time. Breakdown visits and spare parts are billed separately.

Service Solutions Plus – Optimized performance

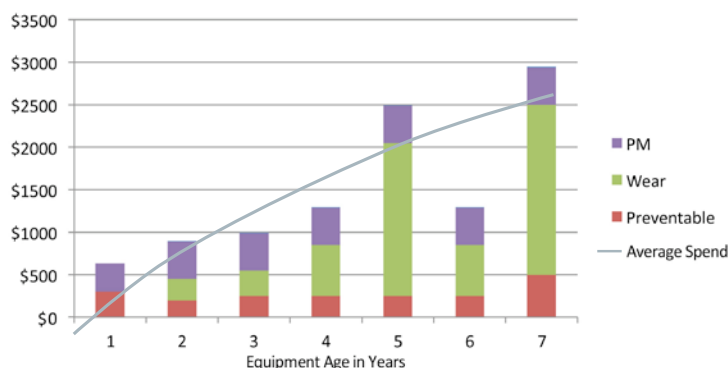

With the Plus solution you have a firm grip on your maintenance and repair costs while knowing that your performance is never compromised, only optimized.

Service Solutions Premium – Maximized uptime

If uptime is your absolute top priority and key concern, Service Solutions Premium is the best choice. A quarterly maintenance visit is included, and there are no sudden financial surprises.

Equipment Age vs. Annual Service Costs

Large Walk-Behind Scrubber

“When each individual location was managing maintenance and repair, service quality was all over the board, and tracking related expenses was impossible. With Nilfisk, Inc., I know we are getting guaranteed service, and the monthly reports enable me to better understand and control related costs.”

Nilfisk, Inc.

At your service.

Relax. We've got you covered.

At Nilfisk, Inc., we know that our job isn't over once we receive the purchase order and ship a machine. We've got your back and will provide you with world-class service across the globe. With over 100 years of experience in over 40 countries, working on everything from vacuum cleaners to small scrubbers and industrial size equipment, we've got you covered.

Ninety percent or more of any total cleaning and maintenance budget can be attributed to labor costs. When the equipment used is not working at its optimum efficiency that labor cost can increase. We're here to help you make sure your equipment is up and running, so your operators can reach their optimum productivity levels.
