

CarpetMaster® 100 Series Upright Vacuums

The CarpetMaster® 12 inch and 15 inch single-motor upright vacuums deliver affordable quality along with a high level of cleaning performance with its exceptional dirt pick-up and filtration. A full complement of tools and user-friendly design features makes the CarpetMaster easy to use and maintain.

CarpetMaster® 200 Series Upright Vacuums

The CarpetMaster® 200 Series Dual Motor Uprights are available in three sizes, 12, 15, and 18 inches. Designed with the operator in mind, we focused on ergonomics, durability, and reliability. The vacuums feature a powerful motor, on-board crevice and upholstery tools, quiet operation, HEPA filtration, bag indicator light, and a light handle weight! The motor is conveniently located at the base of the machine which results in a lighter handle weight.

CarpetMaster® 30 Large Area Vacuum

The CarpetMaster® 30's unique combination of productivity, clean-air filtration and off-floor cleaning capabilities makes it the choice for your large area carpet cleaning needs. The 30 inch cleaning path and complete on-board tool kit make quick work of even the most daunting vacuuming tasks.

BEXTSpot Pro® Carpet Spotter

The BEXTSpot Pro® provides a compact, lightweight highly portable tool for quick carpet or upholstery spot clean-up. With a 1 gallon tank, there is plenty of solution capacity for the emergency small jobs that present themselves in schools, offices, food service areas or healthcare facilities.

BEXT® Pro Portable Hot/Cold Water Extractors

With superior cleaning performance, enhanced productivity and unmatched flexibility, the BEXT® Pro is designed to provide our customers with the cleaning power needed to match their diverse carpet extracting applications.

Clean Track® 12 Compact Extractor

The small footprint and straight-forward controls make the Clean Track® 12 easy to operate, maneuver, and transport. The 12 inch cleaning path allows extraction in tight spaces such as elevators. The laminar-flow shoe and controlled water usage assist with faster dry times, so normal traffic can resume without extended interruption.

Clean Track® S16, L18 and 18 Wash and Rinse Self-Contained Portable Extractors

Clarke Clean Track® S16 & L18 self-contained portable extractors provide easy, flexible operation to satisfy carpet care requirements! Compact, portable design and innovative extractor capabilities with minimal maintenance ensure superior cleaning results. The Clarke Clean Track® 18 Wash & Rinse enhances productivity and improves cleaning performance with one pass cleaning! It has an ergonomic, safe design that delivers twice the cleaning productivity in half the time.

Clean Track® L24 Battery Carpet Extractor

Clarke Clean Track® L24 battery walk-behind carpet extractor provides superior cleaning capabilities to ensure your carpets are clean and ready to use fast! Featuring *LIFT*™ (Low-moisture, Indirect spray, Fast dry time, True cleaning) technology, the Clean Track L24 utilizes a patented spray system to achieve dry times of 30 minutes or less.

DirectAir Pro™ Dryer

The DirectAir Pro™ is the compact, light-weight and transportable solution in an air mover. Featuring a powerful 1/3 hp motor and 3 speeds, this machine is designed to draw low amperage, so that it can be daisy-chained to one plug outlet for use in flood restoration applications.

Maxxi II™ Tank Vacuum

The Maxxi II™ 35 wet/dry vacuum exceeds cleaning expectations with increased versatility, enhanced power and cost-efficient performance.

Summit Pro® 18SQ Tank Vacuum

The Summit Pro® 18SQ offers great performance and value in a wet/dry vacuum. The high capacity tank and integrated front-mounted squeegee assembly with rear foot pedal actuator allow high productivity water pick-up for big jobs. When you need tools that can pick up dust and get into tight places, there is a complete tool kit with 9 foot hose and rugged stainless wand.

Dust Magnet™ Dry Dust Mopping Systems

The Dust Magnet™ dry dust mopping system is the simple and modern way to clean a floor. The standard Dust Magnet floor tool and shaft has single or multiple sheets that easily attach to the single frame. The telescopic handle extends to 79 inches (201 cm) making it ideal for all hard-to-reach and overhead areas. Dust Magnet sheets hold more dirt and clean more surface area than any other disposable, dry dust mopping system.

TFC 400 All Purpose Cleaner

The TFC 400 is a powerful and versatile all-purpose cleaner. Charged with 400 psi of power-spraying punch, the TFC 400 cleaner gives you the ability to blast away grit and grime without actually having contact with the dirt. With the 20 gallon solution tank and 13 gallon recovery tank, the TFC 400 cleaner gives you the ability to tackle the really big cleaning jobs quickly and thoroughly.

Clarke®

Commercial Equipment

Clarke®

Having the Part On Hand

We understand that the best service technician, with the most innovative tools, can only provide the most prompt service, if the right part is on hand. We don't boast about how much we have on hand, but what we have on hand. Clarke® stocks over 20,000 different "go" parts. Clarke's inventory of parts is monitored by our advanced information technology systems. We know what parts to have on hand; we have been supporting after-sale service of commercial cleaning equipment since 1916.

Trusted. Reliable. Efficient.

A Nilfisk-Advance Brand

Vantage 14 Micro Scrubber

Combining innovation, reliability and performance, the Clarke Vantage 14 marks a breakthrough in daily scrubbing for small area cleaning. The Vantage 14’s integrated rotating deck enables complete scrubbing in both forward and backward directions, allowing operators to easily clean under and around obstacles.

Vantage 17 Autoscrubbers®

The Vantage 17 combines ease-of-use and maximum productivity to deliver the highest scrubbing performance for small area cleaning applications. It provides a cost-effective alternative to labor-intensive mop and bucket or high-priced, larger automatic scrubbers. Available in both battery and electric models.

Focus® II Compact Autoscrubbers®

The Focus® II models are the first 20 inch autoscrubbers® available with Clarke’s revolutionary BOOST® technology. Disc models are also available. And all of the Focus® II scrubbers feature important benefits such as low noise levels, improved user ergonomics, onboard chargers, breakaway squeegees and more.

Focus® II Mid Size Autoscrubbers®

The Focus® II Mid Size Scrubbers, available with BOOST® Technology, Disc or Cylindrical models, are some of our best scrubbers ever. The mid size models have many advanced features such as larger tanks, wet or AGM battery choices, optional chemical mixing systems, on-board chargers, one-touch scrubbing, and easy to adjust squeegees. BOOST Technology is available in 28 inch and 32 inch sizes so that you can greatly improve your cleaning efficiency.

Focus® II Large Walk-Behind Autoscrubber®

The Focus® II Large walk-behind autoscrubber® has the right combination of capacity, cleaning path, runtime, and rugged durability desired by contractors, rental companies and industrial facilities. With 30 gallons (114 L) of solution capacity and a 34 inch (86 cm) scrub path you will be able to tackle the largest jobs quickly and efficiently.

Focus® II MicroRider™ Autoscrubbers®

The Clarke Focus® II MicroRider™ is everything you need in a compact rider, available in a unique 26 inch disc deck or 28 inch BOOST® scrub deck for all of your scrubbing needs! Compact design and superior scrub system with chemical-free floor finish removal capabilities maximize cleaning performance.

Focus® II Rider Autoscrubbers®

The Clarke Focus® II Rider delivers cost-effective, sustainable performance while maintaining the highest expectations for your clean floors! A flexible and easy to use solution for both daily maintenance and difficult restoration work will change the way you maintain your facility. Available with your choice of scrub decks - disc or BOOST®.

BSW 28 Sweeper

Designed to be rugged and versatile, Clarke’s new BSW 28 Sweeper has the performance for both hard floors and carpets. Featuring a 28 inch sweeping path, gel batteries, self-propelled traction, and an active side broom that sweeps even the smallest debris and dust from the wall edges. The BSW 28 is very quiet and allows sweeping in noise-sensitive areas.

BOS-18 Orbital Floor Machines

The BOS-18 offers operators the powerful BOOST® technology in a floor machine. Available in a low-speed and a high-speed model, the BOS-18 is the ideal orbital floor machine for small areas and detail work that larger autoscrubbers cannot reach.

CFP® 2000 DS Floor Polisher

Whether scrubbing, screening, grinding, or bonnet cleaning, the CFP® 2000DS floor machine will fit your every application need. With all chrome-plated steel brush housing, motor cover and handle tube, the CFP® 2000DS is built to last. It offers many quality features at a value price.

CFP Pro® Floor Polishers

The CFP Pro® 17HD and 20HD floor machines are rugged, high powered machines built for years of use in a wide range of applications. With easy-to-use fingertip controls and multiple safety features, such as handle-mounted safety switch, and a 50 foot yellow cord, these all metal construction machines are designed for heavy duty use.

FM® Series Floor Maintainer

Quality and durability have allowed the FM® Floor Maintainer to be called the “Best in the Industry.” The motor and gearbox are hand built and backed by an exclusive seven year warranty. The die cast aluminum housing make for the most durable polisher on the market. Two sizes are available to help fit any application or job requirement.

Electric, Battery and Propane Burnishers

The Clarke Ultra Speed® electric and battery burnishers provide quiet operation while producing a brilliant high-gloss shine. They feature an integrated dust control system\* for improved indoor air quality and an ergonomic handle that assures comfortable operation. Clarke® PBU Propane Burnishers, featuring the finest in emissions and dust control technologies, are designed and built with operator safety in mind.

Ultra Speed Pro® Burnisher

The Ultra Speed Pro® 1500 features a powerful DC rectified motor that drives a consistent 1,500 rpm’s to maintain a wet-look shine on finished floors. With easy-to-use fingertip controls and multiple safety features, such as handle-mounted safety switch and circuit breaker, and a 50 foot yellow cord, this machine gets the job done fast.

PBU Propane Stripper

Powered by the dependable, clean running 603cc Kawasaki twin V engine, the propane stripper is built to tackle even the toughest floor stripping applications.

Hip Vac™ Vacuum

Confined and cluttered areas are easy to clean with the Hip Vac. The powerful motor and lightweight design increase productivity by up to 74 percent compared to traditional vacuums. The revolutionary ergonomic design of the Hip Vac enables cleaning staff to carry out their tasks with greater comfort.

Comfort Pak Backpack Vacuums

One of the newest members of Clarke’s soft floor line is the Comfort Pak backpack vacuum. It features an ergonomic frame that was designed by backpackers for support and stability, and is lightweight and easy to maneuver, with an easy mess-free bag change. Experience the difference with Comfort Pak from Clarke.

Saltix™ 10 Vacuum

The Clarke Saltix™ 10 is a basic, well-built, thoroughly reliable machine that can be counted on to do the job day in day out. Providing superior performance on multiple surfaces with a lightweight, sustainable design, the Saltix™ 10 is ideal for cleaning education facilities, offices, healthcare facilities, retail outlets and similar light to medium duty applications.

Euroclean GD930 Vacuum

The Euroclean GD930 is our biggest, most powerful canister vacuum. It features a large 4 gallon dust bag, so your customers can vacuum longer without having to stop and change bags. The Euroclean GD930 canister vacuum delivers superior cleaning performance for a wide range of applications.

ReliaVac® Upright Vacuums

The Clarke ReliaVac® single motor upright vacuums are easy to maneuver, strong on power, and designed for fast, low cost serviceability. Available in 12 and 16 inch cleaning paths, the ReliaVac gives you the power and pickup needed for all applications. All models feature large rear wheels for easy maneuverability and a clear fan cover for ease of visibility of any blockage.
