Trusted. Reliable. Efficient.

A Nilfisk-Advance Brand

Clarke®

Since 1916, Clarke® quality products have helped you achieve your daily cleaning goals quickly, efficiently, and safely. Clarke has been leading the way in the innovative cleaning equipment industry with such developments as the first walk-behind scrubber in 1956, the first extractor in 1968, and the latest BOOST® Technology in 2005. Today, Clarke products are manufactured by Nilfisk-Advance, but the philosophy is still the same: providing quality, durable and high-performing products from innovative engineering.

LOCAL SALES MANAGERS & LOCAL DISTRIBUTORS

Clarke's sales force combined with local distributors is one of the best teams in the industry. We train our sales reps to anticipate your needs, know the competition's machines, and most importantly, know the Clarke machines. Clarke channels machines into the market through local distribution and we want to make sure you get the right machine the first time.

SERVICE CENTERS & SUPPORT

Located throughout the United States and Canada, there are over 400 service centers to assist you with upkeep and maintenance on your Clarke equipment. Your sales representative or customer service can help you locate the nearest center. Our Technical Service representatives can be reached at **1.800.253.0367 option 3**

CUSTOMER SERVICE PERSONNEL

When you have a question or want to place an order, we want to make sure that you get the answers you need quickly. Even if we are not the right department, we will put you in contact with the person who can help. Our staff is fully trained to meet your needs. Customer Service representatives can be reached at **1.800.253.0367 option 1**

LEASING OPTIONS

CleanLease™ offers you an alternative option to paying up front for your Clarke products. With some of the most competitive leasing rates in the industry, you may want to consider this option if you need to spread out payments for a large order or want the opportunity to make some money with your new machines before you complete paying for them. CleanLease is only available to U.S. companies at this time. *For more information, see the back cover.*

CleanLease™

DEALER SALES TRAINING

Our dealers and service centers are experts in the cleaning industry. And to keep it that way, we offer constant training and re-training opportunities so that they can stay on top of the latest changes in the industry. Clarke Sales Institute (CSI) Schools are detailed 3 day courses held in Plymouth, MN that focus on hands-on product knowledge of the Clarke cleaning products.

PRIDE PROGRAM GUARANTEE

Being a leader in the floor care industry for almost a century is hard work. It takes dedication, long hours, commitment, and, most of all, PRIDE. We take PRIDE in what we do and how we serve you. That's why we introduced the Pride Program, the standard by which all other customer service programs are measured. We offer a 60-day satisfaction guarantee with all our equipment. If you are not completely satisfied with your equipment, we will attempt to resolve the issue or take back the machine for a full refund.

QUALITY CONTROL AND WARRANTY REGISTRATION

If you have a quality complaint or concern, we need to know about it so we can address it immediately. Please contact Technical Service at techservice@clarkeus.com.

WEBSITE

The new and improved Clarke web site offers several features, including enhanced product page displays, downloadable product brochures and operator's manuals, videos, and surplus equipment for sale. Dealers can experience enhanced features with their login, such as price lookups, order tracking, demo reporting, online ordering, promotion bulletins, and more.

BOOST®

Look for the BOOST logo on machines that feature BOOST Technology.

Using BOOST Technology, cleaning solution is introduced in front of the rectangular scrubbing pad in controlled timed pulses. The orbital pad contains the cleaning solution and carries it for the full length of the pad. Compared to traditional disc scrubbers that output water continuously and sling water away from the pad, BOOST's efficient use of the cleaning solution results in water and chemical savings of 50% to 70%.

Using less solution during cleaning keeps the operator working productively rather than in the janitor's closet emptying and refilling the scrubber tanks.

Cleaner floors allow for more effective burnishing. Dirt left behind by traditional disc scrubbers is often burnished into the finish, resulting in a yellowing of the finish. With more effective cleaning AND burnishing, the time between labor-intensive strip-and-recoats can be extended, which means less money spent on floor stripper, finish, and labor. And, BOOST pads clean right into corners and along walls, reducing labor time in additional cleaning.

WHAT MAKES BOOST® TECHNOLOGY GREEN?

- Uses 50-70% less water & chemicals than conventional scrubbers
- Strips floors chemical-free, using only water
- Reduces floor pad consumption/costs by 40%
- Lower pad pressure increases battery run times by 25%
- Multi-purpose machine - cleans, strips, and wet screens gym floors
- Cleans multiple surfaces and into corners, reducing the need for additional equipment or additional cleaning processes
- AGM batteries on all autoscrubbers (optional)

OPTIONS AVAILABLE ON AUTOSCRUBBERS WITH BOOST

- Clarke Battery Maintenance System (CBMS)
- Full line of BOOST Pads
- Replacement Squeegee Blade Kits
- Chemical Mixing System Kit
- Off-aisle Wand Kit (Focus II Mid Size 32, Focus Rider)
- Hour Meter Kit

One Way Directional Scrubbing of Conventional Disc Machines

Multi-Directional Scrubbing by BOOST Orbital Pad Scrubber

Vantage 13

The Vantage 13 delivers an even, consistent pressure over the floor for a deep, uniform clean with safety in mind. Armed with two sets of squeegees, the Vantage 13 recovers cleaning solution in forward and reverse.

KEY FEATURES:

- Compact and easy to transport
- Two removable tanks for easy filling, dumping and cleanout
- Fold up design for easy storage and transport
- Dual squeegees for pickup in forward and reverse

SPECIFICATIONS:

- Dual, 6.5 in (16.5 cm) disc brushes at 200 RPM
- 1.8 gallon (6.8 L) solution tank; 2.1 gallon (8 L) recovery tank
- Sound Levels: 72.5 dB A
- Scrub width: 13 in (33 cm)

Vantage 14

Combining innovation, reliability and performance, the Clarke Vantage 14 marks a breakthrough in daily scrubbing for small area cleaning. The Vantage 14's integrated rotating deck enables complete scrubbing in both forward and backward directions, allowing operators to easily clean under and around obstacles.

KEY FEATURES:

- Patented, rotating deck
- Full battery-powered operation and onboard battery charger
- Compact, maneuverable design
- Quiet operation, at only 64 dB A
- Brush-assisted operation

SPECIFICATIONS:

- Single 14 inch disc scrub brush
- 3 gallon (11 L) solution / recovery tank
- Sound Level: 64 dB A
- Scrub width: 14.5 in (37 cm)

Vantage 17

The Vantage 17 is perhaps the most highly maneuverable and compact 17 inch autoscrubber on the market today with the features that provide the highest scrubbing performance.

KEY FEATURES:

- Compact and easy to maneuver
- Offset brush and squeegee for close edge cleaning
- Maintenance free gel batteries
- Onboard battery charger

SPECIFICATIONS:

- Battery or Electric Model
- 8 gallon (30 L) solution tank; 7.7 gallon (29 L) recovery tank
- Sound Levels: 67 dB A (Battery); 76 dB A (Electric)
- Scrub width: 17 in (43 cm)

Focus® II Compacts *BOOST®*

No other manufacturer comes close to matching Clarke's combination of serious cleaning ability and green benefits in autoscrubbers. All of the Focus II compacts feature important benefits such as low noise levels, improved user ergonomics, onboard chargers, breakaway squeegees, and more.

KEY FEATURES:

- Available with BOOST Technology or Disc scrub decks
- Superior solution pickup
- Easy operation and low sound levels
- Efficient use of solution

SPECIFICATIONS:

- 12 V battery choices, wet or AGM
- 14.5 gallon solution and recovery tank (55 L)
- Sound Levels: 65.8 dB A
- Scrub width: Disc, 21 in (54 cm); BOOST, 20 in (52 cm)

Focus® II Mid Size *BOOST®*

Available in disc, cylindrical and BOOST, the Focus II Mid-size models have many advanced features such as larger tanks, wet or AGM battery choices, optional chemical mixing systems, onboard chargers, one-touch scrubbing, and easy-to-adjust squeegees.

KEY FEATURES:

- Large tank capacity, longer run times
- Superior solution conservation and pickup
- Onboard battery charger
- Optional, onboard chemical mixing system

SPECIFICATIONS:

- Scrub width: 26 in, 28 in, and 34 in disc; 28 in cylindrical; 28 in and 32 in BOOST. (66, 71, and 86 cm disc, 71 cm cylindrical, 71 and 81 cm BOOST)
- 23 gallon solution and recovery tank (87 L)

Focus® II Large

The Focus® II Large walk-behind autoscrubber® has the right combination of capacity, cleaning path, runtime, and rugged durability desired by contractors, rental companies and industrial facilities.

KEY FEATURES:

- Contractor grade design
- Lower cost of ownership
- Simple to use and operate
- Long run time
- Heavy scrub pressure
- Large capacity

SPECIFICATIONS:

- 36 V battery choices, wet or AGM
- 30 gallon solution and recovery tank (114 L)
- Sound Levels: 69 dB A
- Scrub width: 34 in (86 cm)
- Three scrub pressures up to 250 lb (113 kg)
- Scrub up to 3 MPH
- Low flow rate

Focus® II MicroRider™ *BOOST®*

The Clarke Focus® II MicroRider™ is everything you need in a compact rider, available in a unique 26 inch disc deck or 28 inch BOOST® scrub deck for all of your scrubbing needs!

KEY FEATURES:

- BOOST® Technology with chemical-free floor finish removal
- SafetyGlide™ scrub deck
- Easy operation with Safe-T-Steering™
- Optional chemical mixing system
- Comfortable driver compartment

SPECIFICATIONS:

- 24 V battery choices, wet or AGM
- 21 gallon solution and recovery tanks (80 L)
- Sound Levels: High Setting 65 dB A / Low Setting 61 dB A
- Scrub width: 26 in (66 cm), 28 in (71 cm)

Focus® II Riders *BOOST®*

The Clarke Focus® II Rider delivers cost-effective, sustainable performance while maintaining the highest expectations for your clean floors! A flexible and easy to use solution for both daily maintenance and difficult restoration work will change the way you maintain your facility. Available with your choice of scrub decks - disc or BOOST®.

KEY FEATURES:

- Available with BOOST® Technology
- Tight turning radius
- Increased down pressure
- Quiet operation
- Optional Chemical Mixing System
- Flexible cleaning capabilities

SPECIFICATIONS:

- 24 V battery choices, wet or AGM
- 31 gallon solution and recovery tanks (117 L)
- 28 inch BOOST® or 28 and 34 inch disc scrub paths (71 cm or 86 cm)
- Large recovery tank opening with debris catch cage and integrated squeegee hanger
- High traction urethane tires
- One-touch scrubbing with three pressure settings

Sweepers

SW 26

The fast and efficient SW 26 is much more productive, and much more effective, than standard push broom sweeping. With dual main brooms, dual side brooms, and a 26 inch wide sweeping path, the SW 26 manual sweeper offers outstanding sweeping performance, picking up debris from fine sand to larger trash.

KEY FEATURES:

- Tools-free adjustable side brooms
- Tools-free adjustable rear main broom
- Dual caster wheels operate in the "clean path" behind side brooms
- Variable handle height / Handle folds down

SPECIFICATIONS:

- 26 in (66 cm) sweeping path
- 28,600 ft²/hr (2,650 m²/hr) average productivity per hour (@2.5 miles per hour)
- 1.2 ft³ (34 L) hopper capacity
- Dual 10 in (25 cm) diameter side brooms
- Dual 17.7 in (45 cm) long main brooms

BSW 28

Whether you are sweeping carpet or hard floor, the BSW 28 Sweeper from Clarke has the performance for both. This great sweeper is designed to be both rugged and versatile.

KEY FEATURES:

- Side broom for active sweeping into large hopper
- Sweeps up small debris, dirt and dust
- Indoor (carpet & hard floors) or outdoor use
- Quick and easy change out of filter and brooms - no tools

SPECIFICATIONS:

- 28 in (71 cm) sweeping path (with side broom)
- Gel battery power source with onboard charger
- 2.5 to 3 hour battery run time on carpet
- Electrical motor runs side broom - no belts

BOS-18 *BOOST*

The BOS-18 offers operators the powerful BOOST® technology in a floor machine. Available in a low-speed and a high-speed model, the BOS-18 is the ideal orbital floor machine for small areas and detail work that larger autoscrubbers cannot reach.

KEY FEATURES:

- Use for scrubbing, chemical-free floor finish removal, and wood floor refinishing
- 4 gallon solution tank feeds cleaning solution to the pad (high speed model)
- Heavy cast components provide durability and aggressive scrubbing action
- Large non-marking transport wheels
- Powerful, totally enclosed motor requires less maintenance

SPECIFICATIONS:

- 1,725 1/4 inch orbits per minute (low speed model)
- 3,600 1/4 inch orbits per minute (high speed model)
- 12 x 18 in cleaning pad size
- 4 gallon (15 L) solution tank (high speed model)
- 50 ft, 14-3 safety yellow power cord (15 m)
- Ground Fault Circuit Interrupter (GFCI) keeps operator safe (high speed model)

CFP™ Series Floor Machines

Whether scrubbing, screening, grinding, or bonnet cleaning, the CFP line of floor machines will fit your every application need. With all chrome-plated steel brush housing, motor cover and handle tube, the CFP's are built to last. The CFP's offer many quality features at a value price.

KEY FEATURES:

- Carbon brushes indicator light illuminates for replacement
- Transport wheels have a wide stance for easy transporting
- Full wrap around bumper protects flooring
- Safety interlock prevents accidental startups

SPECIFICATIONS:

- Available in 13 in, 17 in, and 20 in sizes (33, 43, and 50 cm)
- 5 in (13 cm) non-marking transport wheels
- Powerful motors in either 1 hp or 1.5 hp with dual capacitors
- 50 ft safety yellow power cord with hospital grade plug (15 m)

FM® Series Floor Maintainer

Quality and durability have allowed the FM Polisher to be called the "Best in the Industry." The motor and gearbox are hand-built and backed by an exclusive 7 year warranty.

KEY FEATURES:

- Accessorize with the 4 gallon solution tank
- Exclusive dihedral handle design reduces operator fatigue
- Non-marking vinyl bumper protects walls and furniture
- Smooth operation

SPECIFICATIONS:

- Available in 17 in and 20 in sizes (43, and 58 cm)
- Rugged 1 hp motor
- 50 ft power cord (15 m)
- Dual planetary gear system

MP-18 Marble Polisher

The Clarke MP-1800 Marble Polisher was specifically designed for the rigorous demands of natural stone polishing and restoration. The MP-1800 is the perfect solution for restoring and maintaining marble, limestone and travertine floors.

KEY FEATURES:

- Eliminates the need for sealer & finishes
- Produces slip resistant finish
- Easy 3-step process: grind, hone and polish
- Ergonomic handle for ease of use and comfort

SPECIFICATIONS:

- 18 in (46 cm) pad size
- Triple planetary gearbox
- 1.5 hp powerful motor
- 50 ft safety yellow super flex power cord (15 m)

Ultra Speed® Series

The Ultra Speed burnisher series is ideal for hospitals, schools and areas requiring dust-free, quiet and fume-free operation, while producing a brilliant high-gloss shine.

KEY FEATURES:

- Indestructible Polydur® mainframe
- Self adjusting pad pressure
- Lightweight and easy to maneuver
- Very quiet for noise sensitive areas - only 66 dB A

SPECIFICATIONS:

- 20 in burnishing pad size
- 1500 RPM on the US 1500 & 1500 DC model; 2000 RPM on the 2000 DC model
- 3 handle positions - floating handle latches over for compact storage

Fusion® 20 & 20T

Fusion battery burnishers feature self-adjusting pad pressure and superior dust control, while being easy to operate and maintain.

KEY FEATURES:

- Self adjusting pad pressure
- Standard onboard battery charger
- Simple operation and low training required
- Quiet operation - only 68 dB A

SPECIFICATIONS:

- 20 in burnishing pad size (51 cm)
- 20T model has power traverse traction
- Superior dust control; disposable dust recovery bags
- Polishing rate: 24,000 sq/ft per hour (2,229 m²/hour)

27 in model shown

PBU - Propane Burnisher

Clarke® propane-powered burnishers are available in 21 inch and 27 inch path sizes, so you can choose the best match for your productivity needs. The Dust Control Series offers superb dust control which is often critical for retail stores, office buildings, educational institutions, supermarkets and sports facilities.

KEY FEATURES:

- Sizes and configurations for any application
- Optional features for complete versatility
- Clean and efficient catalytic converter
- Effective dust and emissions control

SPECIFICATIONS:

- 20 and 27 inch burnishing paths available in a variety of models with either 1,500 or 2,100 r.p.m.
- Powerful 603cc Kawasaki V-Twin engines
- Fastest high gloss burnishing available
- Rugged one piece cast deck and frame

PBU - Propane Stripper

Powered by the dependable, clean running 603cc Kawasaki twin V engine, the propane stripper is built to tackle even the toughest floor stripping applications.

KEY FEATURES:

- Designed for fast high production stripping
- Safety first – safety last
- Super clean catalytic converter
- 80% safety fill tank
- Large non-slip tires
- Centrifugal clutch

SPECIFICATIONS:

- Battery start
- 21 in stripping pad size (53 cm)
- 603cc Kawasaki twin V engine
- 20 lb capacity propane tank
- 1,400 RPM brush speed
- CARB Gard™ and Catalytic Muffler

Hip Vacuums

Hip Vac™

Confined and cluttered areas are easy to clean with the Hip Vac. The powerful motor and lightweight design increase productivity by up to 74 percent compared to traditional vacuums. The revolutionary ergonomic design of the Hip Vac enables cleaning staff to carry out their tasks with greater comfort. Its light weight enhances operator mobility and makes it easy to clean confined areas, making it the ideal solution for daily office cleaning.

KEY FEATURES:

- Provides a light weight backpack option
- Above the floor cleaning
- Clean tight spaces around obstacles
- One size fits all padded velcro waist strap
- Five tools for every surface
- Ultra light weight increases comfort

SPECIFICATIONS:

- Ultra light weight 6.4 pounds
- 50 ft safety yellow cord
- 4 ft hose, 2-piece wand, tool kit
- Choice of 2 models
- 3-level filtration system
- H.E.P.A. filter optional

Canister Vacuums

Comfort Pak

One of the newest members of Clarke's soft floor line is the Comfort Pak backpack vacuum. It features an ergonomic frame that was designed by backpackers for support and stability, lightweight, easy to maneuver, with an easy, mess-free bag change.

KEY FEATURES:

- Very comfortable - sits high on the back
- Lightweight with lots of capacity
- Unique harness design dramatically reduces operator strain
- Exhaust is directed up and away - keeping operator cool
- Ultra quiet 62 dB A

SPECIFICATIONS:

- Available in a 6 or 10 quart model (5.7 or 9.5 L)
- Standard 5 piece tool kit
- 50 ft safety yellow power cord (15 m)
- 4-stage filtration; H.E.P.A. is optional

UZ 934

The UZ 934 dry pick-up canister vacuum cleaner gives you power and durability in an economical, lightweight machine. Perfect for the contract cleaner, the UZ 934 provides reliability you can count on. Three separate filtration systems – pleated filter, filter bag and exhaust filter – help assure cleaner Indoor Air Quality.

KEY FEATURES:

- Easily cleans multi-surfaces
- Above the floor cleaning
- Tight spaces around obstacles
- Can stand vertically on end for stationary use
- Multi-surface tool quickly changed from hard to soft floor
- Large capacity filter systems and tank

SPECIFICATIONS:

- 1,000 W Motor
- 30 ft safety yellow cord
- 6 ft hose, 2-piece wand, tool kit
- Built-in carrying handle
- 3-level filtration system
- H.E.P.A. filter optional

Euroclean GD930

The Euroclean GD930 is our biggest, most powerful canister vacuum. It features a large 4 gallon dust bag, so your customers can vacuum longer without having to stop and change bags. The Euroclean GD930 canister vacuum delivers superior cleaning performance for a wide range of applications.

KEY FEATURES:

- 4 gallon (15 L) dust collection bag
- Injection molded cover
- Durable chrome plated steel tank
- Dual mode floor tool
- Foot operated on/off switch

SPECIFICATIONS:

- 1,000 Watt, 1.25 hp motor
- Waterlift 89 inches
- Air flow 67 CFM
- 66 dB A sound level
- Three levels of filtration standard
- Optional H.E.P.A. filtration
- Standard tools include a combination brush/nozzle, 6 foot suction hose, dual mode floor tool, two piece wand and crevice tool.

Upright Vacuums

ReliaVac® Single Motor

The ReliaVac single motor upright vacuums are easy to maneuver, strong on power, and designed for fast, low cost serviceability. The ReliaVac gives you the power and pickup needed for all applications. All models feature large rear wheels for easy maneuverability and a clear fan cover for ease of visibility of any blockage. The brush height can adjust to six settings to work effectively on a variety of carpets.

KEY FEATURES:

- 4 models to choose from
- 7 amp motor
- 50 ft safety yellow cord
- Low cost maintenance
- Exclusive green fan with lifetime guarantee against breakage

SPECIFICATIONS:

- 12 or 16 in cleaning path
- Durable steel brush roller (12 and 12DC models) or high performance aluminum brush roller (12HP and 16HP models)
- Replaceable bristle strips and beater bars for versatile cleaning
- Removable clear fan cover allows for identifying and removing clogs
- Headlight illuminates work area (HP models only)
- ReliaVac® 12 DC model has an easy to empty dirt cup

CarpetMaster® 200 Series Dual Motor

The new CarpetMaster vacuums features a powerful motor, onboard crevice and upholstery tools, quiet operation, H.E.P.A. filtration, bag indicator light, and a light handle weight! The motor is also conveniently located at the base of the machine, which results in a lighter handle weight.

KEY FEATURES:

- Standard H.E.P.A. filtration
- Easy accessible tools and quick-draw wand
- Convenient handle grip on front of vacuum
- Easy maintenance features

SPECIFICATIONS:

- Available in 12 in, 15 in, and 18 in cleaning path widths (30, 38, and 46 cm)
- Powerful 9-amp, 2 stage motor
- 50 ft safety yellow power cord (15 m)
- Low Sound Level: 69 dB A

Large Area Upright Vacuum

CarpetMaster® 30

The CarpetMaster 30's unique combination of productivity, clean-air filtration and off-floor cleaning capabilities makes it THE choice for your large area carpet cleaning needs. The 30 inch cleaning path and complete onboard tool kit make quick work of even the most daunting vacuuming tasks.

KEY FEATURES:

- 20 ft long reach off-aisle vacuum hose
- Maneuvers well with large 10 in rear wheels and front swivel casters
- 5 position carpet pile height adjustment
- Quickly vacuums large areas (10,000 sq. feet/hr)

SPECIFICATIONS:

- Dual motor, 1 hp motor
- Powerful 7 or 9-amp continuous duty motor
- 75 ft safety yellow power cord (23 m)
- Enclosed 1 bushel capacity hopper holds large amounts of debris

Carpet Extractors

BextSpot® Carpet Spot Cleaning System

The BextSpot is your complete compact spotting kit. It offers a large 2.5 gallon recovery tank and 55 PSI solution spray through a 3.5 inch hand tool to make quick work of carpet and upholstery spot cleaning tasks. When ordered as the deluxe package, the kit includes an 8 inch floor wand to reduce fatigue, a complete spot cleaning chemical kit and a convenient transport handle to ease mobility.

KEY FEATURES:

- Rugged transport cart
- Eliminates back breaking spotting tasks
- Compact folding handle design makes for easy storage and transport
- Easy pouring recovery tank makes cleanup simple

SPECIFICATIONS:

- Available in standard or deluxe model
- Deluxe includes handle, chemicals, wand and hoses
- 2.5 gallon recovery tank provides long cleaning time (9.5 L)
- Powerful 55 PSI pump aids in deep cleaning spots

Deluxe model shown

BEXT® Pro Portable Hot/Cold Water

With superior cleaning performance, enhanced productivity and unmatched flexibility, the BEXT® Pro is designed to provide our customers with the cleaning power needed to match their diverse carpet extracting applications.

KEY FEATURES:

- Instant, continuous heating of 212° solution attacks tough carpet stains
- Two pressures—100 psi and 400 psi—allow for enhanced cleaning flexibility
- Three models, with heated and non-heated performance, are available to satisfy applications ranging from simple carpet restoration to deep extraction
- Clam shell design allows for easy equipment access and maintenance
- CRI Seal of Approval ensures a safe, sustainable cleaning solution

SPECIFICATIONS:

- Industrial 3-stage vacuum motor
- Instant, continuous heat—up to 212° F at spray tip on heated models
- 100 psi pump, demand pump, self priming (BEXT Pro 100 and 100H)
- 0-400 psi adjustable positive displacement, includes priming hose (BEXT Pro 400H)
- 13 gallon solution tank
- 10 gallon recovery tank
- 25 ft power cords (7.62 m)

Clean Track® 12

The small footprint and straight-forward controls make the Clean Track 12 easy to operate, maneuver, and transport. The 12 inch cleaning path allows extraction in tight spaces such as elevators. The laminar-flow shoe and controlled water usage assist with faster dry times so normal traffic can resume without extended interruption.

KEY FEATURES:

- Compact, yet professional grade
- Ergonomically designed control handle
- Laminar flow vacuum shoe recovers moisture effectively
- Easy to fill and clean

SPECIFICATIONS:

- 5 gallon solution & 4 gallon recovery tank (15 & 19 L)
- 1.2 hp, 2-stage vac motor
- 25 ft safety yellow power cord (7.6 m)
- Total weight: 68 lb (31 kg)

Clean Track® S16, L18 and 18 Wash and Rinse

Clarke Clean Track® S16 & L18 self-contained portable extractors provide easy, flexible operation to satisfy carpet care requirements! Compact, portable design and innovative extractor capabilities with minimal maintenance ensure superior cleaning results. The Clarke Clean Track® 18 Wash & Rinse enhances productivity and improves cleaning performance with one pass cleaning! It has an ergonomic, safe design that delivers twice the cleaning productivity in half the time.

KEY FEATURES:

- Laminar flow technology
- Single spray jet technology (S16 and L18)
- Tools-free vacuum shoe and brush removal
- Optional Hard Floor Kit
- Exclusive wash and rinse feature (18 Wash and Rinse)
- Onboard-chemical metering (18 Wash and Rinse)
- Interim and restorative cleaning modes (18 Wash and Rinse)
- ErgoEX® belt (18 Wash and Rinse)
- Quick dry time (18 Wash and Rinse)

SPECIFICATIONS:

- 16 or 18 inch cleaning path
- 7 gallon solution & 5 gallon recovery tank (S16)
- 11 gallon solution & 8 gallon recovery tank (L18)
- 13 gallon solution capacity (18 Wash and Rinse)
- 1.5 hp 3-stage vacuum motor (S16 and L18)
- 1.7 hp 3-stage bypass vacuum motor (18 Wash and Rinse)
- Waterlift 117 inches (S16 and L18)
- Waterlift 123 inches (18 Wash and Rinse)

Clean Track® L24

Clarke Clean Track® L24 battery walk-behind carpet extractor provides superior cleaning capabilities to ensure your carpets are clean and ready to use fast! Featuring *LIFT™* (Low-moisture, Indirect spray, Fast dry time, True cleaning) technology, the Clean Track L24 utilizes a patented spray system to achieve dry times of 30 minutes or less.

KEY FEATURES:

- *LIFT™* (Low-moisture, Indirect spray, Fast dry time, True cleaning) technology
- Deep-cleaning restoration mode
- Deep Treat™ single-pass, pre-spray feature
- Onboard detergent dispensing

SPECIFICATIONS:

- 24 inch cleaning path
- 20 gallon solution & 16 gallon recovery tank
- 93 cfm (44 L/sec)
- Waterlift 70 inches
- 69 dB A sound level

DirectAir™ Electric Drying System

The DirectAir Ventilation/Drying System is ideal for drying carpets, hard floors, upholstery or wherever fast dry times are required. DirectAir also works well in areas requiring added ventilation or for blowing up advertising balloons or inflatable playgrounds. The blower has three positions (0°, 45°, 90°), allowing you to control the direction of airflow where it's needed most.

KEY FEATURES:

- Unlimited applications
- Powerful 3-speed motor produces desired air flow
- Easily transported to remote work sites
- Stacks easily for easy storage

SPECIFICATIONS:

- Air flow: 3000/2000/1300 CFM
- 35 ft power cable (10.6 m)
- Thermally protected motor
- Total weight: 30 lb (13.6 kg)

Summit® Line

Convenience, durability, performance, power, and easy operation and storage make the Summit Wet/Dry Vacuum a clear choice. Choose from 2 tank sizes - either 13 or 20 gallons. Summit 13 & 20 SQ models come equipped with a 30 inch front mount squeegee.

KEY FEATURES:

- Full accessory tool kit and onboard storage
- Adjustable handle for easy storage and use
- Easy tip and pour action

SPECIFICATIONS:

- Available in 2 sizes - 13 and 20 gallons (49, and 76 L)
- 50 ft power safety yellow cord (15 m)
- Air flow: 84 CFM
- Powerful 2-stage vacuum motor

Tank Vacuums

TFC 400

The TFC 400 is a powerful and versatile all-purpose cleaner. Charged with 400 psi of power-spraying punch, the TFC 400 cleaner gives you the ability to blast away grit and grime without actually having contact with the dirt. With the 20 gallon solution tank and 13 gallon recovery tank, the TFC 400 cleaner gives you the ability to tackle the really big cleaning jobs quickly and thoroughly.

KEY FEATURES:

- Touch-free, all-purpose cleaner
- Small footprint for easy storage
- Compact, maneuverable
- Optional front mount squeegee
- Simple storage for recovery and solution hose
- Removable pallet contains all electrical components

SPECIFICATIONS:

- Solution tank capacity 20 gal
- Recovery tank capacity 13 gal
- Application flow 400 psi (1 gpm)
- 2 Stage 900 W vacuum motor
- Vacuum exhaust blower motor
- Water lift: 81 in
- 25 ft (GFI) power cord

All-Purpose Cleaner

Specialty Products

Dust Magnet™

The Dust Magnet dry dust mopping system is the simple and modern way to clean a floor. The standard Dust Magnet floor tool and shaft has single or multiple sheets that easily attach to the single frame. The telescopic handle extends to 79 inches (201 cm) making it ideal for all hard to reach and overhead areas. The entire set up weighs less than 2 lb (0.91 kg)!

Dust Magnet sheets holds more dirt and cleans more surface area than any other disposable, dry dust mopping system.

Batteries & Accessories

The Clarke Battery Maintenance System (CBMS) is not a charger, but rather a performance device designed to help lead-acid batteries charge faster, provide maximum performance and power, and maintain run-time over a longer life.

Clarke will double the standard Clarke® Battery Warranty to Three Years when the Battery Maintenance System is installed!

Part #	Batteries
56025782	12V, 130 AH Wet Battery
56206079	6V, 242 AH, Wet Battery
56391391	6V, 310 AH, Wet Battery

Providing Green Equipment for All Your Needs.

As more and more facility managers realize the benefits of environmentally-friendly and health-conscious cleaning, "green cleaning" is becoming a growing movement in the cleaning industry.

As a leading manufacturer of "green" floor-cleaning equipment, Clarke is committed to offering products that meet or exceed industry and government standards for green cleaning. Clarke's knowledge of equipment and the industry can help you interpret green cleaning standards and assist with:

- Increasing productivity and reducing the cost of labor
- Reducing impact on the environment
- Improving indoor air quality
- Helping people live and work safely

CleanLease™

The CleanLease™ Program is only available in the US.

Introducing the new CleanLease Finance Program for Commercial Floor Care Equipment. The only thing more difficult than building a successful business is maintaining it. That's why we've developed our leasing and financing plans to both minimize your risks, and help enhance your long-term growth. You can count on us every step of the way to help make state-of-the-art commercial equipment affordable for you.

Clarke, a Nilfisk-Advance brand, now offers equipment leasing programs that are unmatched in the industry for helping you to acquire top of the line equipment. And, we make it easy for you with a simple application process, fast turnaround time, plus a dedicated finance team to advise you. First, qualify your equipment needs using the information below.

For a look at our unique leasing option and application form, please visit the links below or contact the finance team directly for more information at Phone **877.859.2976** or Fax **877.514.1015**.

For commercial cleaning indoor applications such as:
