

EZ-8 Drum Sander and Super 7R Edger

The EZ-8 drum sander combines professional contractor-type floor sanding results with highly productive, easy-to-use equipment features for the do-it-yourselfer. The Super 7R Edger is a powerful, versatile and easy-to-use machine. With its rugged construction and precision-fitted components, this edger is designed for productivity and dependability.

OBS-18DC Orbital Sander

The random-orbital sanding action of the OBS-18DC removes the scratch patterns left by drum or rotary sanders, leaving a smooth, flat floor ready for refinishing. The OBS-18 is perfect for interim "screen and recoat" sanding jobs.

BextSpot Carpet Spotter

The BextSpot offers a large 2.5 gallon recovery tank and 55 PSI solution spray through a 3.5 inch hand tool to make quick work of carpet and upholstery spot cleaning tasks. When ordered as the Deluxe package, the kit includes an 8 inch floor wand to reduce fatigue, a complete spot cleaning chemical kit and a convenient transport handle to ease mobility.

Clean Track® 12 Compact Extractor

The small footprint and straight-forward controls make the Clean Track® 12 easy to operate, maneuver, and transport. The 12 inch cleaning path allows extraction in tight spaces such as elevators. The laminar-flow shoe and controlled water usage assist with faster dry times, so normal traffic can resume without extended interruption.

BEXT® Pro Portable Hot/Cold Water Extractors

With superior cleaning performance, enhanced productivity and unmatched flexibility, the BEXT® Pro is designed to provide our customers with the cleaning power needed to match their diverse carpet extracting applications.

Clean Track® S16, L18 and 18 Wash and Rinse Self-Contained Portable Extractors

Clarke Clean Track® S16 & L18 self-contained portable extractors provide easy, flexible operation to satisfy carpet care requirements! Compact, portable design and innovative extractor capabilities with minimal maintenance ensure superior cleaning results. The Clarke Clean Track® 18 Wash & Rinse enhances productivity and improves cleaning performance with one pass cleaning! It has an ergonomic, safe design that delivers twice the cleaning productivity in half the time.

Clean Track® L24 Battery Carpet Extractor

Clarke Clean Track® L24 battery walk-behind carpet extractor provides superior cleaning capabilities to ensure your carpets are clean and ready to use fast! Featuring *LIFT™* (Low-moisture, Indirect spray, Fast dry time, True cleaning) technology, the Clean Track L24 utilizes a patented spray system to achieve dry times of 30 minutes or less.

DirectAir™ Dryer

The DirectAir's powerful 3- speed motor and multi-directional design make it the perfect solution for your carpet drying, ventilation and air circulation needs. Convenient cord wrap eliminates cord tangle and ergonomic handle design for easy transportation.

BSW 28 Sweeper

Designed to be rugged and versatile, Clarke's new BSW 28 Sweeper has the performance for both hard floors and carpets. Featuring a 28 inch sweeping path, gel batteries, self-propelled traction, and an active side broom that sweeps even the smallest debris and dust from the wall edges. The BSW 28 is very quiet and allows sweeping in noise-sensitive areas.

Clarke®

Commercial Equipment

Clarke®

Having the Part On Hand

We understand that the best service technician, with the most innovative tools, can only provide the most prompt service, if the right part is on hand. We don't boast about how much we have on hand, but what we have on hand. Clarke® stocks over 20,000 different "go" parts. Clarke's inventory of parts is monitored by our advanced information technology systems. We know what parts to have on hand; we have been supporting after-sale service of commercial cleaning equipment since 1916.

Trusted. Reliable. Efficient.

A Nilfisk-Advance Brand

Vantage 13 Micro Autoscrubber®

The Clarke® Vantage 13 micro-scrubber gives you big cleaning capacity for those small areas. It delivers an even, consistent pressure over the floor for a deep, uniform clean with safety in mind. Armed with two sets of squeegees, the Vantage 13 recovers cleaning solution in forward and reverse. With the added controlled water usage, floors dry quickly without extended interruption. And, it features two removable tanks!

Vantage 17 Autoscrubber®

The Vantage 17 has features that provide a high level of scrubbing performance. Easy to use and to maneuver in tight spaces, the Vantage 17 has an easy on/off pad driver or brush that requires no hands, an easy to clean out recovery tank, a simple two-switch control panel, conservatively utilizes solution with central brush feed and has zero-maintenance batteries.

Focus® II Compact Autoscrubbers®

The Focus® II models are the first 20 inch autoscrubbers® available with Clarke's revolutionary BOOST® technology. Disc models are also available. And all of the Focus® II scrubbers feature important benefits such as low noise levels, improved user ergonomics, onboard chargers, breakaway squeegees and more.

Focus® II Mid Size Autoscrubbers®

The Focus® II Mid Size Scrubbers, available with BOOST® Technology, Disc or Cylindrical models, are some of our best scrubbers ever. The mid size models have many advanced features such as larger tanks, wet or AGM battery choices, optional chemical mixing systems, on-board chargers, one-touch scrubbing, and easy to adjust squeegees. BOOST Technology is available in 28 inch and 32 inch sizes so that you can greatly improve your cleaning efficiency.

Focus® II Large Walk-Behind Autoscrubber®

The Focus® II Large walk-behind autoscrubber® has the right combination of capacity, cleaning path, runtime, and rugged durability desired by contractors, rental companies and industrial facilities. With 30 gallons (114 L) of solution capacity and a 34 inch (86 cm) scrub path you will be able to tackle the largest jobs quickly and efficiently.

Focus® II MicroRider® Autoscrubbers®

The Clarke Focus® II MicroRider™ is everything you need in a compact rider, available in a unique 26 inch disc deck or 28 inch BOOST® scrub deck for all of your scrubbing needs! Compact design and superior scrub system with chemical-free floor finish removal capabilities maximize cleaning performance.

Focus® II Rider Autoscrubbers®

The Clarke Focus® II Rider delivers cost-effective, sustainable performance while maintaining the highest expectations for your clean floors! A flexible and easy to use solution for both daily maintenance and difficult restoration work will change the way you maintain your facility. Available with your choice of scrub decks - disc or BOOST®.

Comfort Pak Backpack Vacuums

One of the newest members of Clarke's soft floor line is the Comfort Pak backpack vacuum. It features an ergonomic frame that was designed by backpackers for support and stability, and is lightweight and easy to maneuver, with an easy mess-free bag change. Experience the difference with Comfort Pak from Clarke.

ReliaVac® Upright Vacuums

The Clarke ReliaVac® single motor upright vacuums are easy to maneuver, strong on power, and designed for fast, low cost serviceability. Available in 12 and 16 inch cleaning paths, the ReliaVac gives you the power and pickup needed for all applications. All models feature large rear wheels for easy maneuverability and a clear fan cover for ease of visibility of any blockage.

CarpetMaster® 200 Series Upright Vacuums

The CarpetMaster 200 Series Dual Motor Uprights are available in three sizes, 12, 15, and 18 inches. Designed with the operator in mind, we focused on ergonomics, durability, and reliability. The vacuums feature a powerful motor, on-board crevice and upholstery tools, quiet operation, HEPA filtration, bag indicator light, and a light handle weight! The motor is conveniently located at the base of the machine which results in a lighter handle weight.

CarpetMaster® 30 Large Area Vacuum

The CarpetMaster® 30's unique combination of productivity, clean-air filtration and off-floor cleaning capabilities makes it the choice for your large area carpet cleaning needs. The 30 inch cleaning path and complete on-board tool kit make quick work of even the most daunting vacuuming tasks.

Electric, Battery and Propane Burnishers

*Ultra Speed DC models

The Clarke® Ultra Speed® electric and Fusion® battery burnishers provide quiet operation while producing a brilliant high-gloss shine. They feature an integrated dust control system* for improved indoor air quality and an ergonomic handle that assures comfortable operation. Clarke® PBU Propane Burnishers, featuring the finest in emissions and dust control technologies, are designed and built with operator safety in mind.

BOS-18 Orbital Floor Machines

The BOS-18 offers operators the powerful BOOST® technology in a floor machine. Available in a low-speed and a high-speed model, the BOS-18 is the ideal orbital floor machine for small areas and detail work that larger autoscrubbers cannot reach.

CFP™ Floor Polishers

The Clarke® CFP™ Floor Machines are unmatched in features and are priced at a great value. 13, 17, and 20 inch models are available. The 17 and 20 inch models feature high performance motors in either a 1 hp or 1.5 hp dual capacitor. 17 and 20 inch 1.5 hp dual speed machines are also available. ETL certified.

FM Floor Maintainer and MP-1800 Marble Polisher

Quality and durability have allowed the FM Floor Maintainer to be called the "Best in the Industry." The motor and gearbox are hand built and backed by an exclusive seven year warranty. When used with the Clarke® Diamond Discs and Stone Care Polishing Creme, the MP-1800 is the perfect solution for restoring and maintaining marble, limestone and travertine floors.

Dust Magnet™ Dry Dust Mopping Systems

The Dust Magnet™ dry dust mopping system is the simple and modern way to clean a floor. The standard Dust Magnet floor tool and shaft has single or multiple sheets that easily attach to the single frame. The telescopic handle extends to 79 inches (201 cm) making it ideal for all hard-to-reach and overhead areas. Dust Magnet sheets hold more dirt and clean more surface area than any other disposable, dry dust mopping system.
