

Summit® Wet/Dry Tank Vacuums

- 13 and 20 gallon sizes
- Full accessory tool kit
- Easy tip and pour action
- Adjustable handle

Attention to detail on this line of tank vacuums is unmatched anywhere. Convenience, durability, performance, power, and easy operation and storage make the Summit Series wet/dry vacuums the clear choice.

Choose from 2 tank sizes - 13 and 20 gallons. Summit 13 and 20SQ come equipped with a 30 inch front mount squeegee. Optional equipment for Summit 13 & 20 are certified H.E.P.A. filters (dry use only). When it's high performance and extra power that's needed, the Summit 20D (dual motor) offers power to spare.

Attention to detail on the Summit Series line of wet/dry tank vacuums is unmatched.

Trusted. Reliable. Efficient.

Summit Wet/Dry Tank Vacuums

Available In 2 Sizes

Summit 13

Summit 20

The squeegee easily mounts in place with no tools required. The 30 inch squeegee is front mount foot activated.

A full accessory tool complement and onboard storage provides fast access to what you need when you need it.

Equipped with a tank drain hose or tip and pour action to provide versatility and ease of operation. Standard features on Summit® 13 & 20.

Handle adjusts to suit any operator and allows for compact storage.

Attention to detail on this line of tank vacuums is unmatched anywhere. Convenience, durability, performance, power, and easy operation and storage make the Summit wet/dry vacuum a clear choice.

Large latches and lift handles give a good grip for ergonomic use and easy removal of the motor top for access to the float filter. Large non-marking wheels and rigid carriage with handy drain hose make transport and disposal of waste easy work.
