

DirectAir Pro™ Air Mover

- **3 speeds**
- **Built-in wheels and telescopic handle for easy transport**
- **Onboard outlets for daisy-chaining up to 3 units**
- **Stackable**
- **ETL and CETL approved**

The DirectAir Pro™ is the compact, light-weight and transportable solution in an air mover. Featuring a powerful 1/3 hp motor and 3 speeds, this machine is designed to draw low amperage, so that it can be daisy-chained to one plug outlet for use in flood restoration applications. Also great for quicker carpet drying during carpet cleaning, and wherever movement of air is needed. Three position settings allow flexibility for directing air movement. May be stacked for convenient storage.

GFCI outlets allow daisy chain of up to 3 units.

Onboard transport wheels and telescopic handle.

Conveniently stacks for storage.

Trusted. Reliable. Efficient.
