

Clean Track® 16-18 Carpet Extractors

- Large capacities, small package
- Patented ergonomic design
- Very quite low sound level
- Easy drain into toilet
- Soft and hard floor option
- Rugged Polydur® housing and body
- Clam shell frame design – easy access
- Very quiet 67 dB A sound level
- Overfill and debris protection

The Clean Track® 16-18 Series dramatically increases productivity, improves cleaning performance, and features excellent ergonomic safety in carpet extraction. The Clean Track also features a large capacity, patented ergonomic design, low sound levels, and a hard floor tool option allowing you to scrub hard surface floors.

The Wash & Rinse® feature on the 18 inch model gets carpets cleaner by washing and clean-water rinsing, all in one pass. Earning the CRI's Seal of Approval, Clean Track excels in recovering soil and water while retaining the original texture of the carpet fibers. The Clean Track series has also been certified as a "green machine," featuring an ergonomic waist belt that reduces stress, strain and impact on the operator while increases productivity.

The Clean Track® 18 Wash & Rinse cleans carpets in one single pass.

Trusted. Reliable. Efficient.

A Nilfisk-Advance Brand

Clarke®

Twice the Productivity ... Half the Time

Wash & Rinse 18 –

Don't duplicate your efforts, Wash & Rinse with the most effective system available:

- Wash and rinse in one pass.
- Apply the chemical and rinse it out all in just one pass.
- Chemical metering

1. Solution is applied before the brush.
2. The brush scrubs the carpet to emulsify and suspend the dirt.
3. A fresh water rinse removes dirt and detergent.

Benefits of rinsing detergent out and removing abrasive soils:

- Better appearance - Removing the dirt from the carpet keeps it from looking dull and worn.
- Lower cleaning costs - Removing the detergent reduces re-soiling and keeps carpets cleaner.
- Reduces carpet costs - Removing the dirt and the detergent that attract soil extends the life of carpet.
- Wash & Rinse - Precision metering of chemical and rinsing chemical in one pass saving chemicals, energy and time.
- ErgoEX® – Reduces strain and impact on the operator and increases productivity. A human factors analysis indicated that the addition of the ErgoEX waist belt and increased handle height reduced operator shoulder stress, elbow stress, lower back stress and increases efficiency compared to an extractor without these features!

The Clean Track series machines are classified by Clarke as green machines by reducing operator strain.

Turn your extractor into a dual threat:

- Add the hard floor squeegee and turn your extractor into a cylindrical scrubber.
- Brush options available for hard floor and grouted tile.

Increase your Green Cleaning with Clarke Certified Equipment.

Reduced strain. Increased productivity.

- Lower back by 18%
- Elbow by 60%
- Shoulder by 80%
- Operator efficiency by 15%

The patented ErgoEX support belt allows legs to pull the weight of the machine instead of arms, shoulders and back. Production is improved by 15% by reducing operator strain.

The Wash & Rinse feature gets carpets cleaner by washing and clean water rinsing all in one pass. Carpets get cleaner faster which increases employee productivity.

High dump drain into toilet or bucket.

Integrated options – on-board spotting and hand tool.

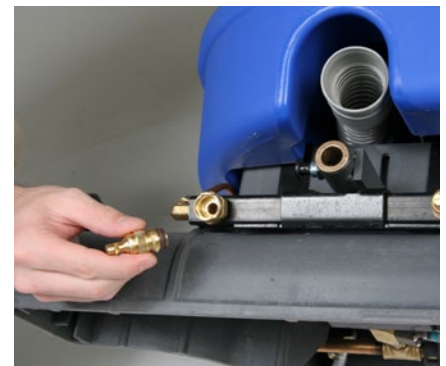

The 16 or 18 inch scrub brush can be removed and installed without the use of tools.

The vacuum shoe is designed with laminar flow technology allowing more moisture recovery, resulting in fast drying times.

The quick change hard floor kit option turns your extractor into a dual purpose machine. No tools required.

Quick change nozzle provides easy clean up and maintenance. The large opening dramatically reduces the potential for clogging.

SPECIFICATIONS	Clean Track 16	Clean Track 18	Clean Track 18 W&R
Part Number	56266000	56266001	56266002
Solution Capacity	8 gal	13 gal	
Brush/Cleaning Path	16 in	18 in	
ErgoEX Belt	Standard		
Wash & Rinse	N/A		Standard
Pump PSI	60		100
Nozzles	2 QD		4 QD
Vacuum Motor	3-Stage 1.7 hp Bypass		
CFM	98

Brush Motor	1/3 hp		
Cord Length	50 ft fixed		50 ft detachable
Wheels	(2) 10 in wheels		
Dimensions	44.5 in x 19.5 in x 37 in		
Weight	116 lb	119 lb	121 lb
Agency Approvals	cETLus Listed		
Warranty	Tanks - 8 Years, Parts & Labor - 1 Year		

Specifications are subject to change without notice.

What does it do best?

- Cleans carpets faster
- Uses clean water to rinse soap out
- Increases operator productivity

What makes it easy to use?

- ErgoEX® ergonomic extraction belt reduces effort
- Wash & Rinse no-mix chemical system
- One pass cleaning

What enhances its productivity?

- ErgoEX reduces stress on elbows, shoulders and back
- Wash & Rinse automatic chemical injection system - no mix, no mess
- Dual functionality with optional hard floor tool kit

What adds to its durability?

- Rotationally-molded Polydur tanks
- 3-stage tangential vacuum motor
- Automatic float shutoff

What are the safety features?

- Reduced body strain
- cETLus listing standard on all models
- No open unsecured doors
- Hospital-grade plug

What are the accessories?

- Hard floor squeegee
- Onboard hand tool/pre-spray
- Hard floor brush options
