

## **Bext® 100**

### Hot Water Extractor

- In-line heat exchanger
- Instant heat – up to 212° F
- Low moisture system at 0.8 GPM
- 100 PSI demand pump
- 3-stage vacuum motor

Complimenting Clarke's broad extraction line by providing portable, heated, box extraction equipment, Bext® extractors are designed to be easy to use, productive, quiet, and portable all at a cost-effective price!

The Bext 100 line of equipment comes bundled with benefits and features available in our larger Bext 150 and 300 series but with a focus on light, compact and maneuverable equipment, all at a value price.

The Bext® 100 extractor provides portable, heated, box extraction equipment.

**Trusted. Reliable. Efficient.**

A Nilfisk-Advance Brand

# A Portable Extractor With Onboard Heat

## Bext 100 and 100 H

### Improved Dry Time

- Low moisture system, 0.8 gpm
- Faster evaporation with higher temperature (Bext 100H heated unit only)
- 5.7 inch 3-stage vacuum motor

### Increased Cleaning Effectiveness

- Heated models produce up to 212° F water at tip
- Pump pressure 100 PSI demand pump, no priming necessary

### Portable Cleaning

- Easy to load and transport
- Usage in buildings with multi-story/surface
- Performance alternative for maintenance cleaning
- Safety - no long hoses - no open doors

### Deep Cleaning

- Heat increases effectiveness up to 40%
- High pressure injection increases agitation
- Bext is a carpet restorative system

Easily extract large or confined carpeted areas such as stairs or tight office spaces. Optional hand tool makes cleaning partitions, fabrics and upholstery a snap.

Each unit includes a double bend polish stainless steel extraction wand, vacuum and high pressure hose.

A small, light-weight foot print and velcro cord wrap give you easy maneuverability. Large non-marking wheels, easy-lift handles and positive lock tank latches make transport easy and safe.

Integral handle for easy transport

Powerful vacuum delivers 140 inch lift

Product lifetime warranty on rotationally molded tanks and frame

9 gallon solution and recovery tanks

Large non-marking wheels

Quick dump-out drain gate

Positive double locking safety latch

Front lift handle built into the body

Recessed solution port reduces breakage

Lighted rocker switches with sealed switch plate and switches

No holes in the tank bottoms - no leaks

In-line heater heats water after the pump

Vertical mount vacuum design for long life

High quality gasket seals out water drips

Compact, yet designed for easy access and maximum efficiency

## The Bext 100H Offers Onboard Heat!

Increasing solution temperature to 212°F at the spray tip dramatically improves cleaning results.

SPECIFICATIONS	Bext 100	Bext 100H	Bext 100H Detailer
Part Number	See price catalog for part numbers		
Solution Tank	9 gal rotationally molded		
Solution Pump	100 PSI demand pump		
Vacuum Motor	5.7 in 3-stage		
Water Lift	140 in		
Easy Circuit Locator	N/A	Standard	
On-Board Heater	N/A	Standard	
Wand	Double bend twin nozzle, polished stainless steel		3.5 in detail tool
Power Cable	25 ft 12-3 ga, hospital grade plug	(2) 25 ft 12-3 ga, hospital grade plug	
Wheels	(2) 8 in non-marking		
Hose	15 ft crush-proof vacuum and high pressure solution line		
Low Moisture System	Standard		
Float Shut-Off	Standard		
Weight	69 lb	75 lb	
Warranty	Product Lifetime (10 Years) on tank and mainframe, Parts & Labor - 1 Year		

Specifications are subject to change without notice.

### What makes it easy to use?

- Easy circuit locator
- Low moisture - faster dry times and no overwetting
- Compact and light weight - easily transported

### What enhances its productivity?

- Instant heat - up to 212° F at wand tip effectiveness
- In-line heat exchanger - heats water after pump

### What adds to its durability?

- 5.7 inch industrial 3-stage vacuum motor
- Rotationally molded tanks
- Vertical mounted vacuum intake
- Onboard heater
- Sealed switches and switch plate

### What are the safety features?

- Reduced body strain and stress
- Easy circuit locator - prevents overload

- No open unsecured doors required
- Hospital grade plugs

### What are the accessories?

- Upholstery tools
- Bext Chat attachment
