Specifications are subject to change without notice.

Simply by unlocking and lowering the handle, the Super Flex power cord releases easily and quickly for getting the job started fast.

The CFP 2000DS has a simple switch to change from 180 to 320 rpm. Also, there is an indicator light that illuminates when the carbon motor brushes need replacement.

The wide stance of the transport wheels promote maximum stability when rolling over thresholds.

The simple modular switch design promotes fast and easy repairs to minimize maintenance costs.

Powerful 1.5 hp motor with dual capacitors to maximize startup and run torque.

A full wrap around bumper protects the floor.

What enhances its productivity?

- Chrome plated brush housing
- Heavy duty machined steel planetary gears promote long life
- Dual capacitor, high torque motor

What makes it easy to use?

- Dual switch levers
- Dihedral handle design
- Easy release handle clamp also releases power cord

What are the safety features?

- cETLus listed for use in USA and Canada
- Hospital grade plug has soldered wire terminals and hardened ground plug to resist damage and keep operators safe
- Safety interlock switch

What are the accessories?

- Various brushes
- Pad drivers
- Solution tank
- Floor pads
- Marble polishing adapter
- Wood floor sanding hard plate
